## \$50,000 STAKE FOR AMERICAN SPEEDERS

That Is Amount Proposed by Johnson W. Camden, Racing Commissioner of Kentucky—Presents Stallions to United States Government for Army.

New York, January 16.—Stopping at the Waldorf-Astoria is Mr. Johnson W. Camden, a member of the Kentucky State Racing Commission, who is in control of turf sport in that State, and has done so well in that respect that racing here is now flourishing. He is here on a tour of inspection of the rules adopted by the State Racing Commission, which was once United States Senator from West Virginia. At his father's death the estate of the late Mr. Camden was valued at \$15,000,000. The value of the property was \$15,000,000. Mr. Camden has carried on a breeding and racing establishment in Kentucky since 1880, and is the owner of Helios, a first-class colt, who is likely to go to the post a favorite for the Kentucky Derby of 1914.

Mr. Camden will leave for Bermuda on Saturday in company with his family. Yesterday he spoke of his proposed great stake to be run at the tracks in Kentucky under the jurisdiction of the commission. Mr. Camden's original suggestion provided for a stake to be raised for at Lexington, Louisville, Cincinnati and Linton, at different distances, graded to suit the time of year, and for prizes which the winners of each race would find worth competing for, but if no one horse would win all three races in any year one-third of the prize money would be retained in custody of the State Racing Commission and invested in safe securities, which in five years would amount to more than \$50,000, and hence would be the most valuable stake in existence.

"Since I first conceived the idea," said Mr. Camden yesterday, "the management of the tracks at which the stake is to be run, if adopted, in that case I would change the title from 'Triple Crown' to 'Triple Stake.' You understand, of course, that it must be an exceptional horse

## LAFAYETTE HAS GOOD SURPRISES

Football Season Nets Profit of Nearly \$17,000—Lehigh Game Is Best.

Easton, Pa., January 16.—Lafayette found football profitable last season, but baseball was costly. While the track from the football games exceeded the expenses, the baseball team lost money all through the season. The track team was also run at a loss. The total receipts from all sources in 1912, according to the annual report of the Lafayette College Athletic Association, were \$34,518.98, and the balance on hand on January 1, 1913, was \$22,211. From football the college realized \$12,722.41. Lehigh were by far the largest, the total amount being \$12,722.41. The game with Penn netted Lafayette \$11,228.75, and the expenditures for that game were \$296.82. The receipts from the Southern trip of the baseball team last year were \$27,853, while the expenditures were \$1,196.35. The losses on baseball amounted to \$26,656.65. The track team took in \$75, and expended \$27.82.

## MATTIS IS STILL AKA PROPERTY

Roanoke Deal Goes Through Without Any Trouble or Any Appeal.

Ralph Mattis is not included in the list of players turned over to the Bristol club by Jack Grim, former manager of the Newport News club in the Virginia League, and the Roanoke deal by which Richmond gets Burleson and Newton for Baker and Mattis goes through without a hitch. The players turned over to Bristol by Grim are, Carney, Auley, Hooker, Eichberger and Bruckmiller.

New President of Philadelphia National League Baseball Club. He is expected to produce harmony and results.

## LOCAL SHOW WILL BE RARE TREAT

All of More Prominent Exhibitors to Send Cars Here for Display.

Reports from New York are to the effect that Richmond's first automobile show is regarded as one of the big events of the year. Practically every manufacturer of high-grade cars and trucks will have an exhibit here. The men who went North to inspect the methods and offerings in the big city are firmly of the opinion that the local exhibition may not be as big as the one in Madison Square Garden, it will be very nearly as comprehensive. From an education standpoint, it will teach as much as any show of the kind ever held in the city. Numbers of the exhibitors at the national show will send their exhibits intact to the local show. The Horse Show Building will be taxed to its capacity. It will be decorated with decorations never before seen in Richmond. Music, both instrumental and vocal, will be furnished. It will be a rare treat for those who want to attend.

## TRINITY WHIPS ELON COLLEGE

Go-as-You-Please Basketball Game Captured Easily by Durham School.

Durham, N. C., January 16.—In a slow game that was uninteresting after the first few minutes of play, Trinity tonight defeated Elon College in basketball by a score of 21 to 10. The local simply outplayed the Elon team, Trinity began the scoring and kept it up almost all the way through the game, shooting goals almost at will. Elon was unable to get into the game until the second half, when Trinity piled up twenty notches to her credit during that period. Siler, White, Brinn, and Cherry were the stars for Trinity, though every man deserves much credit for his effort. Newman was the only star for Elon, he scoring every one of the ten points made by his team, these coming in the last half. The line-up was as follows: Trinity: Siler, Fossillon, Bradford, White, R. F., Newman, Cherry, C. C., Atkinson, Thorne, L. G., Johnson, Brinn, R. G. Elon: Newman, Cherry, C. C., Atkinson, Thorne, L. G., Johnson, Brinn, R. G.

## WANT ADVICE AS TO STANDING OF A. A. U.

Subcommittee From Richmond Amateur Athletic Federation Awaits Representative.

Unable to agree as to whether the newly organized Richmond Amateur Athletic Federation—for that is the name by which the organization will hereafter be officially known—was to seek a charter from the Amateur Athletic Union, or whether the federation would go along acknowledging what it could for the boys and girls, men and women of Richmond, without regard to athletic prowess, or efficiency, so long as an average of physical development could be obtained, the subcommittee, appointed to consider the question after nearly two hours' deliberation and debate, came to the conclusion that it would be advisable to ask a representative of the Southern Intercollegiate Athletic Association to be present at an adjourned meeting to be held Saturday afternoon in the same place, for the purpose of explaining, as nearly as possible, the relation of the A. A. U. to such federations as that proposed in Richmond.

Having this in mind, Temporary Chairman Tousey, of the Church and Civic Association, volunteered to send a telegram to Secretary Sullivan, of the A. A. U., requesting the representative of the association to be present. The telegram has been sent, but no answer has as yet been received. If the representative comes he will appear before the subcommittee at 2 o'clock Saturday, just two hours before the general committee which has the task of recommending by-laws, a constitution and officers for the new organization, is to gather. The subcommittee will make its report to the committee here as a whole will act upon the report.

There is much diversity of opinion as to the advisability of becoming affiliated with the A. A. U. Both sides of the question were heard. Very naturally both sides have their arguments, and there is good ground for each side. Several of the organizations proposing to enter the conference contemplate having a representative of the A. A. U. who will appear before the subcommittee at 2 o'clock Saturday, just two hours before the general committee which has the task of recommending by-laws, a constitution and officers for the new organization, is to gather. The subcommittee will make its report to the committee here as a whole will act upon the report.

On the other hand, there was expressed a very positive opinion among those present that the athletic, or rather the competitive athletic features, was beginning to overshadow the real purpose of the organization, which, after all has been said, is to develop the men and boys and girls of the city, and for the physical benefit of all, regardless of past or future performance. It was pointed out that the sum of the movement be forgotten and defeated in a desire to foster the development of star athletes to the neglect of the rest of the army of boys and girls who need first to be taught the need of careful and judicious physical development.

## Winston-Salem Wants Pullies

Hotel Accommodations Alone Stand in Way of Completing All Arrangements.

Winston-Salem, N. C., January 16.—Manager Charles S. Dooen, of the Philadelphia National League, arrived here this afternoon, and tonight is negotiating with the owners of the Winston-Salem baseball team, in regard to bringing the National League, forty-two in number, to this city for spring practice. Hotel accommodations are the only stand in the way of completing the arrangement. Mr. Dooen said tonight: "If I can secure proper quarters for my men I will visit Winston-Salem. Otherwise, I will be forced to go further South. Winston-Salem is a beautiful city, and probably other Southern points if hotel accommodations cannot be secured in this city."

## BOWLING

Tonight the local boys will roll the Roanoke "Hill Sliders" a series of thrice games in duckpins by telegraph. Last Friday night the local boys defeated the Roanoke boys by nine pins to four.

The local boys are expected to put up better scores this week than those of last week, although both sides rolled well last week.

The Roanoke boys are in the very best of practice, and the scores tonight are expected to be good. The Journal and News Leaders will battle against each other to-night in the Palace Duckpin League.

## PENN. IS FACULTY TO FIGHT A. A. U. DECISION

Reverses Decision of Amateur Athletic Union and Will Allow Louis Frederick Sanville, Star Swimmer, to Compete.

Philadelphia, Pa., January 16.—That the University of Pennsylvania is not obliged to abide by the ruling of the Amateur Athletic Union was the decision made by the Faculty Committee on Athletics at its meeting last night. The committee declares that it can see no reason for the Amateur Athletic Union decision that Louis Frederick Sanville is a professional, and further, that as far as the University is concerned Sanville will be permitted to take part in intercollegiate swimming. The fact in Sanville's case are these: He was employed in a hotel last summer as a clerk. In the hotel was a swimming pool. Sanville frequently swam there. The charge on which the Amateur Athletic Union took action against Sanville was that he was a professional swimmer. This Sanville positively denies, and the University authorities have backed him up in his stand. Members of the Pennsylvania Minor Sports Committee who attended the Amateur Athletic Union meeting reported that in their judgment no case had been made against the swimmer. The Amateur Athletic Union seemed to have been misled by the fact that Sanville was employed in a hotel as a clerk, and not as a professional swimmer. Instead of presuming him innocent until proven guilty, they should have presumed him guilty until proven innocent. They reported to the board of directors of the Athletics Association that they had decided to fight the matter out. ## LITTLE IS DONE BY COMMISSION

Herrmann Recommends Deposit to Guarantee Salaries of All Ball Players.

Chicago, January 16.—The progressive spirit struck baseball to-day, when the National Commission, at a brief session here, heard its chairman, August Herrmann, advocate a guarantee for ball players' salaries in "lesser minor leagues," and considered the proposed uniform contract designed to protect players from "jobbers."

The commission took no action on the contract matter; in fact, nearly all of the country's baseball business so far as the "supreme court" is concerned, was left unfinished when the commission adjourned last afternoon after rejecting Mr. Herrmann's plan.

Illness of James Farrell of Auburn, N. Y., secretary of the National Association, who has not been able since early last month to prepare preliminary cases of the players' salaries, has caused the postponement of their consideration as well as other matters.

None of the commission's business would admit that the class A salary question was brought up. It was expected that the big money business would be taken up against the \$5,000 monthly limit, but it was said none was made.

Commenting on a rule of the Ohio State League, which requires the president of the organization to instruct every player to report to him if he is five days overdue, and which provides that the player be paid out of the guarantee fund, it was said that the number of complaints filed by players.

Traders at the ball players' exchange at the hotel where the American Association met this afternoon met a bull market. According to Umpire Ollie Chill, good youngsters are scarce than ever, and the fact accounts for the exorbitant terms demanded by those who hold contracts for potential stars.

The question of uniform contracts was also taken up, a request for a rule requiring them having been presented by President Mike Sexton, of the National Association, but, in fact, no action was taken. In addition to Chairman Herrmann, Secretary John Bruce and Assistant Secretary J. J. Lanner were re-elected. The chairman's report, commenting on the world's series and other professional baseball matters, was recommended as each major league shares in the proceeds of the world's series, regulation was adopted so as to make a mandatory that the commission have supervision in the future over every inter-league matter.

The association's principal business was the schedule for the world's series, which was set for the first time in the history of the game. There was little prospect of its being cut down, some of the magnates said. Though the season holds promise for the future, it is said, there is absolutely no present intention of precipitating war by starting a "third club" in Chicago.

The baseball schedule of the Medical College of Virginia includes two games to be played here with Lafayette some time in March. W.
